EXHIBITION STALL DESIGN

INTACT COORDINATION PRECISE MANAGEMENT

ABOUT US!

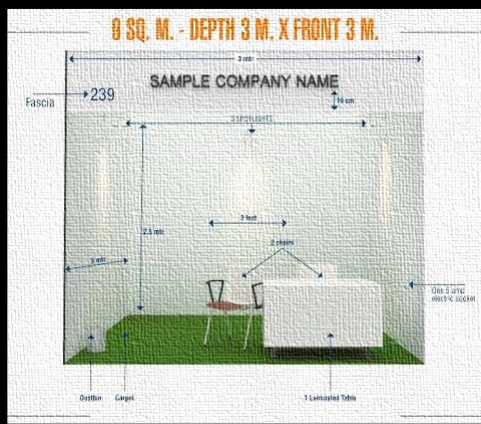

We oversee and develop unparalleled custom-built exhibition stands for our clients. We have compiled this catalogue of minimalist stall designs to bring an array of choices at your fingertips. Furthermore, we aspire to expand our network by forging novel and enduring partnerships and hope to be your permanent vendor for subsequent projects.

RAW SCHEME STRUCTURE

The Organizer provides exhibitors with a blank space for stall assembly. We offer designs aligned with the company's theme and furnish additional items like chairs, tables, sofas, and televisions.

SHELL SCHEME STRUCTURE

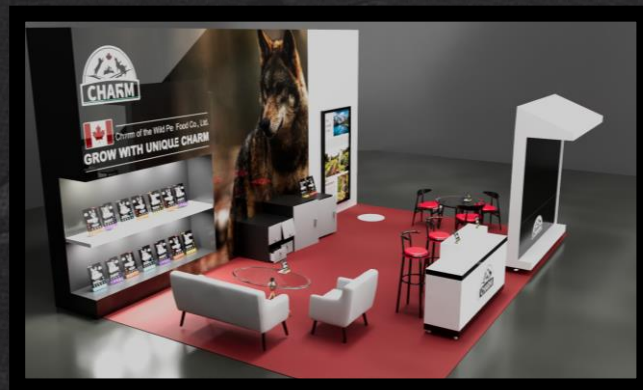

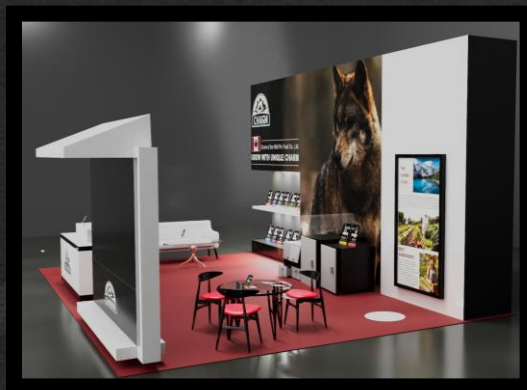

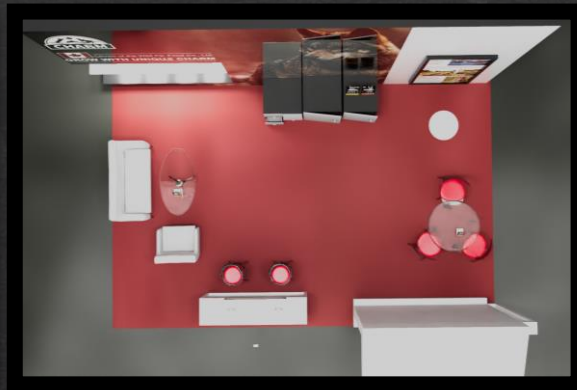

It involves three walls or modular panels on a poled frame. Basic provisions are in place, but upgrades are available. We offer wooden frame branding and vinyl pasting enhancements. Once completed, exhibitors receive the space with registration tables, chairs, dustbins, and power sockets.
